

A black and white photograph of shoe care supplies. In the upper left, a dark leather lace-up shoe is partially visible. Surrounding it are several brushes of different sizes and bristle types. One brush in the upper right has the text "100% Horsehair" printed on its handle. In the center, a small round tin of shoe polish sits next to a brush. The items are arranged on a rough, stone-like surface with a crack running through it. The overall composition is a still life for a booklet cover.

Shoe Care Booklet

**Valuable information on the subject
of shoes and their care**
